

COURSE INFORMATION FORM

ASI 399

Dept. abbreviation and course number

COLLEGE of AGRICULTURE, KANSAS STATE UNIVERSITY

Course Title:

ASI Quadrathlon. (0-1) II.

Course Description:

Active participation in the ASI Quadrathlon involving oral presentations, written exams, practical application of animal knowledge, and a quiz bowl. Fifteen hours for presentations will be designated each spring. No more than two credits earned in this course may apply towards graduation. ASI-399-2-0104.

Student Performance Objectives:

The student will be able to:

- Communicate more effectively in a group presentation.
- Perform a variety of “hands-on” animal management techniques.
- Incorporate interdisciplinary areas of animal knowledge in solving problems.
- Utilize and interpret the scientific literature in the broad areas of animal science.

Instructor:

J. Ernest Minton

Course Outline:

- I. Written quiz over all areas of animal and poultry training as well as the products they produce.
- II. Oral presentation on selected areas of information pertaining to the broad field of Animal Sciences and Industry.
- III. Practical hands-on application of practices involved in the care and management of animals and birds and the processing of the products they produce.
- IV. Quiz-bowl competition to enhance the rapid answering of questions and broaden the students knowledge of the field.

Evaluation Procedures:

Completion of all segments of the Quadrathlon in a satisfactory manner.

Text and Reference Material:

None

Sequencing:**Supplemental Information:**

Offered credit/no credit only.
