8:00 am

Commercial Trade Show and Educational Exhibits in Weber Arena

**Rolls and Refreshments,
Compliments of
New Generation Supplements, Inc.**

**THE MAIN EVENT
begins at 10:00 am
in Weber Hall Room 123**

Featured Speakers

Welcome

Dr. Evan Titgemeyer, Interim Department Head, Animal Sciences and Industry.

Introduction of Speakers

Dr. Ken Odde, Professor, Animal Sciences and Industry.

Trade Issues in the Beef Industry

On June 16, 2017, Gregg Doud was nominated by President Donald Trump to be Chief Agricultural Negotiator, with the Rank of Ambassador, in the Office of the United States Trade Representative. Mr. Doud currently is the President of the Commodity Markets Council. Prior to that, he was a Senior Professional Staff member of the Senate Agriculture Committee for Senators Pat Roberts and Thad Cochran. He assisted in crafting the 2012 Senate Farm Bill and his portfolio of issues included international trade, food aid, livestock, and oversight of the Commodity Futures Trading Commission (CFTC). He is a native of Kansas and is a graduate of Kansas State University with degrees in animal science (BS) and agricultural economics (MS).

Beef Industry Outlook and International Trade as a Key Driver of Profitability

K-State Agricultural Economist Glynn Tonsor will present a brief economic outlook for the beef industry and discuss the importance of international trade as we expand the U.S. beef herd.

NOON - LUNCH - WEBER ARENA

An offering of tender U.S. Premium Beef smoked brisket, Cajun-spiced catfish, and sides – all compliments of U.S. Premium Beef and Commercial Trade Show Participants.

WEBER HALL AFTERNOON BREAKOUT SESSIONS

Weber Hall Room 111 from 1:00-1:45 pm Feeding Cull Cows for Profit

Meat Scientist Terry Houser will demonstrate the impact of short-term feeding programs on carcass grade, carcass yield, and the potential for increasing the value of females culled from the commercial beef herd.

Weber Hall Room 111 from 2:00-2:45 pm Bud Box Operation

Southwest Area Beef Systems Extension Specialist Justin Waggoner will provide an overview of Bud box operation, including do's and don'ts for low-stress cattle handling in your operation.

Weber Hall Room 123 from 1:00-2:45 pm Development of Work Skills through Internships

Professor Ken Odde and Assistant Professor Karol Fike will moderate this panel of industry leaders in a discussion of the role of practical internships in helping students to become valuable members of the agricultural workforce. Included will be a discussion of internship structure, establishing expectations, and the importance of mentorship.

Weber Hall Room 146 from 1:00-1:45 pm Can Split-Time Insemination Improve Profit in Your AI Program?

Many producers have had excellent results from a single fixed-time insemination. Is adding an additional handling to a gold standard protocol cost effective? Northwest Area Extension Specialist Sandy Johnson will present a summary of recent research striving to improve AI pregnancy rates.

WEBER HALL AFTERNOON BREAKOUT SESSIONS

Weber Hall Room 146 from 2:00 to 2:45 pm
Late-season Burning: a Strategy for Sericea Control
KC Olson, professor of range beef cattle nutrition and management, will provide an overview of recent research aimed at managing Sericea infestation with late-season prescribed burning.

PUREBRED BEEF UNIT AFTERNOON BREAKOUT SESSIONS

Purebred Beef Unit Feed Intake Facility (adjacent to Beef Cattle Research Center at 3115 College Avenue)

1:00-1:45 pm

Tour of the Feed Intake Measurement Facility
Extension Cow-Calf Specialist Bob Weaver will lead a guided tour of the latest addition to the Purebred Beef operations. Packed with technology, this facility will allow for development of advanced selection programs aimed at improving cattle efficiency and growth.

2:00-2:45 pm

Using Postmortem Examination to Enhance Herd Health Management
Extension Beef Veterinarian A.J. Tarpoff will perform a real-time necropsy to examine major organ systems, injection site issues, and will discuss optimal procedures for tissue sampling and handling to ensure diagnostic results are meaningful.

Online registration and updates to Cattlemen's Day 2018 can be found on the Animal Sciences and Industry website at: www.ksubeef.org
