

August 1, 2016

Dear Friends,

We are pleased to announce the **2016 K-State Swine Day** which will be held on **Thursday, November 17**, at the **K-State Alumni Center** located on the K-State campus. We had a tremendous turn-out of pork producers in 2015 and are planning an even better program this year.

The 2016 KSU Swine Day program will feature a presentation from Dr. Mike Apley from the KSU College of Veterinary Medicine on “VFD’s – Ready, Set, GO”, as well as an *Update on Current K-State Applied Swine Nutrition Research and a KSU Disease Research Update*.

To provide an excellent opportunity for producers and vendors to interact, we will provide table-top booth spaces in the K-State Alumni Center. The tables will be available from 8:00 a.m. - 3:00 p.m. on Swine Day. For only \$300.00 sponsorship (\$350.00 after October 1), you can have great access to some of the top pork producers in the Midwest! We will have limited space available, thus we will take reservations on a first-come first-serve basis. Enclosed please find an Exhibit Space Request Form. We believe this format for Swine Day will give valuable opportunity for education, technology transfer and fun!

We will again be hosting a pre-Swine Day social on Wednesday evening, November 16, from 5:30 – 7:30 p.m. at the KSU Alumni Center for all exhibitors, supporters, speakers, graduate students and invited guests. Watch for more details on the social and plan on joining us for a relaxing evening of fellowship.

Thanks for your consideration and support of our K-State Swine Day! Please do not hesitate to contact us, if you have any questions. We hope to hear from you soon regarding sponsorship!

Sincerely,
