3. Phase A—Each team will be asked 3 questions. Answers are to be given by a team captain, but assistance may come from any team member. Correct responses are worth 5 points. A question may be repeated only once. Answers must be started within 20 seconds. Partial credit may be given at the discretion of the judges. After one team has been questioned, the other team will enter the contest room and be asked the same 3 questions.
4. Phase B—during the first half of this phase, the question will be on a one-on-one basis. This means that only one member of each team will be eligible to respond to a question. This eligibility will rotate with each question beginning with the number 1 chair on each team, passing to the number 2, 3, and 4 contestants of each team respectively, until all of the remaining questions are used.
5. The one-on-one questions have a five point value towards the team score. If a question is answered incorrectly, no penalty will be given. The opposing team's member will have a chance to answer the question. EXAMPLE: If 24 questions per game are used, the first 12 questions would be one-on one. Question #1 would go to chair #1; question #2 to chairs #2 (team captains—contestants in the #2 chairs); question #3 to chairs #3; questions #4 to chairs #4. This process is repeated until the remaining 8 questions are used. The next 12 questions would be open to both teams and would be toss up questions.
6. Each member of the team must sit in the seat designated by the team prior to the contest, with the captain of the team in chair #2. Team members will not be allowed to change their seat position after the first game is played. They must keep their seat position throughout the entire contest.
7. During the second half of Phase B, all of the toss-up questions will be open to all team members and have a five point value.

STUDY ROOM:

1. Because of using the same set of questions in all of the games within a round, it will be necessary to have study rooms for the teams that have not played in a particular round.
 - A. During the contest, **ONLY THE TEAMS COMPETING AGAINST EACH OTHER AND TEAMS THAT HAVE ALREADY PLAYED** in the round will be allowed in the game room.
 - B. Teams that have not played in the round (coaches have option) **MUST ALL REMAIN** in the study room until it is their turn to play.
 - C. Spectators, parents and friends of team members will not be allowed to enter the study room, nor will they be allowed to talk with team members on their way to the game.

BOWL GAME PROCEDURE:

1. Each team is assembled separately for team questions as described in item #3 in Game Rules(previous page).
2. The two teams are assembled and seated at their respective panels for Phase B, and each contestant is given the opportunity to check their equipment.
3. Each member of the team must sit in the seat designated by the team prior to the contest, with the captain of the team in chair #2. Team members will not be allowed to change their seat position after the first game is played.

4. The moderator will read the first question (as with all succeeding questions) until such time as a contestant activates a buzzer.
 - A. When a buzzer is activated, the timer will begin time AFTER THE CONTESTANT HAS BEEN ACKNOWLEDGED. Contestants then have five (5) seconds to begin their answer.
 - B. Contestants answering questions without being acknowledged will be interrupted and the opposing team will be given the chance to answer correctly. No penalty will be given.
 - C. It will be the responsibility of the timer to determine that an answer was started within the five (5) seconds allowed. It should be noted that REPEATING THE QUESTION DOES NOT CONSTITUTE THE INITIATION OF AN ANSWER.
 - D. If the question has been completely read, and the contestant's answer is technically in the ball park, the judges may ask contestants to repeat or spell their answer to be more specific or general, to expand or explain their answer.
 - E. The time will start after the moderator has completed a question. If five (5) seconds elapse without a contestant activating a buzzer, there shall be no loss of points or awarding of points to either team.
 - F. Once the question has been read (whether read to completion or not) and answered incorrectly, the moderator will re-read the question for the opposing team to answer. If answered correctly, they will receive the credit. No penalty will be given for an incorrect answer.
5. If a buzzer is activated during the reading of any question, the moderator will immediately cease reading the question.
 - A. After being acknowledged, contestants have five (5) seconds to begin their answer, based on the portion of the question read.
 - B. If the answer is correct, according to the way the question was written, the point value will be awarded to the team (if applicable).
 - C. If the question was not complete, the judges MAY NOT ASK the contestant for another term, to be more specific, expand or in any way explain their answer. The judges may, however, ask the contestant to spell the answer given or to repeat their answer, if it wasn't heard or spoken clearly.
6. If a member of a team activates a buzzer and does not start their answer within the five (5) seconds allowable time, the moderator will re-read the question for the opposing team to answer. If answered correctly, they will receive the credit. No penalty will be given for an incorrect answer.
7. Contestants WILL NOT be allowed to discuss questions with their teammates during a game except in phase A.
8. Team Participation Bonus: contestants will have a bonus card at their place. When contestants answer a question correctly, they will turn their card up. The first team with all of their bonus cards up will receive five bonus points. Once a team receives bonus points, they may start over and receive bonus points each time four (4) members have answered a question correctly.

VERIFICATION RULES

Answers and interpretations of question and game procedure will be the sole responsibility and final recall of the referee, judges, timer, moderator and scorekeeper. Their decisions will be final.

1. If a question is thrown out for any reason determined by the referee or judges, it will be replaced with another question, so that the number of questions within each game will be consistent. Whether or not the replaced question will be open to both teams, one team, or an individual contestant, will depend on the circumstances causing the replacement.
2. Protest of questions or answers to questions may be made by an official designated coach or any contestant, at the time the protested question is read or answer given, by calling a time out BEFORE THE NEXT QUESTION IS READ. Only one coach per team will be designated as the official coach.
3. Once a protest has been made, the referee and the judges will then consider the protest. Their decision in all cases will be final. If a protest is sustained, the referee and judges will take one of the following actions:
 - A. If a question is protested before an answer is given and the protest sustained, the question will be discarded and replaced. No loss or gain of points will result for either team.
 - B. If an answer is protested (either correct or incorrect), the referee and judges will determine the validity of the protest by verification. Points will then be added or subtracted as appropriate.
 - C. If the answer cannot be verified within three (3) minutes, the question will be replaced. See rule #1, this section.
 - D. If a question is protested after an answer is given (correct or incorrect), the referee and judges will determine the validity of the protest, and either allow or replace the question with the appropriate gain or loss of points.
4. Courtesy will be expected of any person making a protest. Every effort has been made to make this event as fair as is reasonably possible. Abuse of these protest provisions may result in one or more of the following:
 - A. Dismissal of team coach from the contest area.
 - B. Dismissal (or replacement) of any team member.
 - C. Dismissal of entire team with forfeiture of any points or standing.
5. Spectators, parents and visitors may not protest any question, answer, or procedure during the course of play. They may however, submit in writing to the contest officials, any suggestions, complaints, or protests at the conclusion of the contest. 2016 CHAMPION COUNTY HERD

Congratulations to

Leavenworth County 4-H Exhibitors

Winner of T. Hobart McVay

Memorial Traveling Trophy for best County Herd at the Kansas Junior Dairy Show

Leavenworth County

Left to right: Sophie Leach, MaKayla Bray,
Anna Hahn, Erin Leach, Taylor Leach

– T. Hobart McVay –

T. Hobart McVay (1896 -1970) Nickerson, Kansas, was a life-long student of the Holstein breed of dairy cattle. Through his knowledge and efforts, Kansas became known world-wide for exceptional Holstein bloodlines. Hobart was known as “Mr. Dairyman” around Kansas, because of his interests and efforts toward the dairy industry and dairy youth. He bought car loads of registered Holstein heifers in Eastern states and Canada, which he sold at near cost to young people in Kansas.

Hobart organized and was the first president of the Kansas Interbreed Dairy Cattle Council. He was active in planning the Kansas All Breeds Junior Dairy Show, and he served as Ring Announcer at the first show in 1966. He was president of the Kansas Holstein Association, president of the Kansas Dairy Association, and a national board member and director of the American Dairy Association. He was also an officer and committee member of the numerous other dairy organizations on the local, state and national levels.

The T. Hobart McVay Traveling Trophy was established in 1968, as an award to the Champion County Herd at the Kansas Junior Dairy Show, in recognition of Mr. McVay’s service, interest and assistance to the young dairy people of Kansas. Mr. McVay was honored at the 1968 show banquet and he personally presented the first trophy to the County Herd Winner, Riley County’s “All Jersey Herd.”

The trophy has been awarded annually. Saline County was the first to retire the trophy in 1975, followed by Marion County in 1980, then by Sedgwick County in 1986 and again by Marion County in 1991 and by Miami County in 1997 and 2001.

The trophy became the T. Hobart McVay Memorial Traveling Trophy following Mr. McVay’s death in 1970.

The 2017 Supreme Dairy Cow and Supreme Dairy Heifer rocks will be sponsored by Southeast Select Sires in memory of Mike Pachta (1967-2014).

Mike had a passion for dairy cattle. He grew up on a dairy farm and showed Holsteins in 4-H and FFA. He attended Fort Hays State University and Kansas State University receiving a Master's degree in Agriculture Education from KSU.

Mike enjoyed working with youth and was the dairy leader in his daughters' 4-H club for many years. He was also a long-time volunteer and sponsor at the Kansas All-Breeds Junior Dairy Show. His daughters were active in the Kansas Junior Holstein Association and participated at the junior show.

Mike was a salesman for Southeast Select Sires at the time of his death. He was in the genetics business for many years and enjoyed seeing youth learn by hands-on experiences.

As a means of honoring his memory and continuing his commitment to developing young people's interest in dairy, Select Sires is happy to sponsor these awards as a testament to excellent genetics and the hard work of the youth.
