

2017 Kansas 4-H Meat Judging and Identification Contest

1. Each County Extension Council may enter one team of three or four enrolled 4-H members. Each District Extension Council may enter teams of three or four enrolled 4-H members equal to the number of counties comprising the extension district. **The three contestants with the highest scores will make up the team total for each category and overall scores.** The contestant with the lowest score is still eligible for individual awards.
2. **No alternates will be listed on a team. Up to 5 individuals from each county (who are not on already on a meat judging team) are allowed to compete in the individual meat judging competition.**
3. Members must be 9, but not yet 19, before January 1 of the current year. Contestants in National 4-H Competitive Events cannot have reached their 19th birthday as of January 1 of the current year. **If a team has one or more members who are under 14 years of age, that team will be ineligible to qualify for national competition.**
4. There are two age divisions for the Kansas State 4-H Meat Judging Contest. Coaches are encouraged to enter their members in the appropriate age division, unless a contestant wishes to be included in the individual Livestock Sweepstakes competition. Then, that member **MUST** participate in the Open (Senior) Division to be eligible for the individual Sweepstakes awards. The Intermediate Division is for 4-H members 9-13 years old before of January 1. The Open (Senior) Division is for 4-H members 14-18 years old before January 1 OR a 4-H member of any age who would like to be considered for the individual Livestock Sweepstakes awards.
5. **Individuals who have judged as an official team member or as an alternate at the designated National 4-H Meat Judging Contest at the American Royal (held in Manhattan, KS) are not eligible to compete as a team member.** They may participate as an individual contestant but will not be eligible for awards. Their score will, however, be counted towards individual sweepstakes awards. If an individual served as an alternate at the National 4-H Contest but did not actually participate in the contest, they retain their eligibility for the state contest.
6. In keeping with National 4-H rules, contestants who have participated in **any** post-secondary (university, college, junior college or technical school) course work or training for post-secondary competition in the subject area of this contest are not eligible to compete.

SELECTION OF CLASSES

The Judging Committee will give special consideration to the following items:

A. General

1. All exhibits in the judging classes are to be selected from the top four grades.
2. The Judging Committee shall be the final authority in how the cuts are trimmed. The contestants will not be expected to make allowances for faulty workmanship or differences in trim;
3. An effort will be made to select classes that will hold their characteristics for the duration of the contest;
4. All exhibits within one class will be of about the same weight, so that the size of the exhibit is not a major factor in determining the placing;
5. A special effort will be made to avoid unusual conditions in the contest area which would tend to change the appearance of the exhibits during the contest;
6. A check will be made to see that all hanging exhibits in one class are on about the same length hooks and at a height for best observation.
7. A check will be made to see that marks of identification, such as plant or official federal grades, tags, or other common marks of identification are removed from every exhibit prior to the start of the contest.

(Exceptions to the above—or other unusual cooler area or exhibit conditions—will be carefully explained to coaches and contestants prior to commencement of the contest.)
