Thank You

Dr. Bob Hines Kansas Swine Classic

The Kansas Swine Classic was started in 1986 in partnership with K-State and the Kansas Pork Association to offer a youth educational event prior to county fairs in Kansas for 4-H youth. The Swine Classic was the first of its kind to be held in the state of Kansas as no other swine shows were held prior to county fair season in Kansas at that time.

Over the years the show changed from being a market weight only show with an ultrasound scanning carcass contest, to today where there is a market and prospect show as well as all purebreds must be registered. Educational events have been a cornerstone of Friday afternoon with previously held judging contests, speech contests, seminars in Pottorff Hall and with today a photo contest and skillathon competition are held.

In 2006, the Kansas Swine Classic was renamed the “Dr. Bob Hines Kansas Swine Classic”

Dr. Bob Hines was dedicated to purebred swine, helping producers and supporting swine youth activities as a K-State faculty member.

Raised in Sheridan, Indiana, Dr. Hines’ interest in the swine industry came from working on his family’s small hog farm, as well as his participation in 4-H and FFA. Hines earned his bachelor’s degree in animal husbandry from Purdue University in 1957. There, he was a member of the 1956 Purdue livestock judging team and was named high individual at the Chicago International Livestock Exposition judging contest. Upon graduation, Hines fulfilled his ROTC commitment in Ft. Eustis, Virginia. After two years of service, Hines attended Michigan State University where he earned his master’s and doctorate degrees in swine nutrition and management. He served as Michigan’s state swine extension specialist for three years between his master’s and doctorate programs. During this time, he also coached the Michigan State livestock judging team.

In 1966, Dr. Hines and his wife, Treva, moved to Manhattan where he joined the faculty at K-State in the Department of Animal Sciences and Industry. Dr. Hines taught courses in swine science, basic introductory animal science labs, livestock production management and livestock and meat evaluation. He also managed the Swine Teaching and Research Center for 25 years. Dr. Hines served as an advisor to 35 undergraduates yearly and numerous graduate students in swine nutrition.

Hines judged his first show in 1957 and judged at the local, state and national levels for 45 years, retiring from judging in 2002. He judged major youth and purebred seedstock shows in 35 states and Canada. He also raised purebred Chester White and Hampshire swine just outside of Manhattan on a small farm.

Dr. Hines retired in 2000. Treva passed away in 2020 and Bob passed in 2021. Their son Brian and his wife Donna, have two daughters Cailyn and Payton.

His motto was always “*Be honest and true to yourself, and be honest and true about livestock.*” This sums up his beliefs and influence on the purebred and youth swine program.
