Dear Friends,

We are pleased to announce the **2019 K-State Swine Day** which will be held on **Thursday, November 21**, at the **K-State Alumni Center** located on the K-State campus. We had a tremendous turn-out of pork producers in 2018 and are planning an even better program this year.

The 2019 KSU Swine Day program will feature a presentation from Dr. Josh Flohr from Seaboard Foods and Dr. Egan Brockhoff, Prairie Swine Health Services. Of course, the program will also include the popular *Update on Current K-State Applied Swine Nutrition Research*.

To provide an excellent opportunity for producers and vendors to interact, we will provide table-top booth spaces in the K-State Alumni Center. The tables will be available from 8:00 a.m. - 3:00 p.m. on Swine Day. For only \$300.00 sponsorship (\$350.00 after October 1), you can have great access to some of the top pork producers in the Midwest! We will have limited space available, thus we will take reservations on a first-come first-serve basis. Enclosed please find an Exhibit Space Request Form. You can also support Swine Day without having an exhibit space. Sponsors are welcome to contribute a monetary donation if you prefer not to have a booth at the meeting.

We believe this format for Swine Day will give valuable opportunity for education, technology transfer and fun!

A pre-Swine Day social will be held on Wednesday evening, November 20, from 5:30 – 7:30 p.m. at the KSU Alumni Center for all exhibitors, supporters, speakers, graduate students and invited guests. Plan on joining us for a relaxing evening of fellowship.

Thanks for your consideration and support of our K-State Swine Day! Please do not hesitate to contact us, if you have any questions. We hope to hear from you soon regarding sponsorship!

Sincerely,

Mike D. Tokach
