Fall Grazing Considerations

- Feyh Farm Seed Company specializes in producing native grasses, cool season grasses, millets and wildflowers. They are the largest smooth brome processor operating in North America, offering over 50% of all smooth brome seed produced.
- Jason Warner, Extension Cow-Calf Specialist will share about nutritional management considerations for both spring and fall-calving herds going into this fall.
- Lisa Wainwright, WB. Co. District Conservationist will share about woody encroachment and how prescribed grazing practices can be utilized to help manage this in our grazing lands.
- Coffee and donuts from Bank of the Flint Hills are provided at registration. Stockgrowers State Bank is supplying water for the event. The program will conclude with smoked brisket lunch, compliments of all our generous sponsors.
